

## Free Online Banking

Buckel used his taxpayer-funded email account and internet access to conduct banking and other financial transactions for his political campaign.

Hi Chris, how are you today?

I received all of Dennis' information from him yesterday, did you want to just set it up as Christopher Buckel - Dennis Malecek

Did you want any other name on it, where do you want the statements sent?

If you can get that information to me I can have the papers ready shortly!

Thanks!

Hey ██████

The account should be identified as Buckel for Assembly.

Please set it up so that both Dennis and I can deposit and withdraw money.

You can send the statements to Dennis.

If it is possible, can you transfer \$100 out of my personal savings account? If not, I can drop off a check.

I appreciate your help with this.

Thanks,

Chris

Buck,

I'll deposit the \$\$ tonight, let me know if you received any new \$\$ since yesterday.

I'll put together the final Finance Report and run it by you. It is due Tuesday, but I want to complete it tonight as I have other things to work on.

Buck,

Here's a summary of what needs to happen today:

I need to send in the finance report for all activity from July 1 - Aug. 25. I have everything ready to go, just need to know what Margel Johnson, River Falls does for a living. She gave \$110, so I have to report her occupation & employer.

Second, I need to send in a subsequent report for activity since Aug. 25 for everything over \$500. I think I have everything for this report.

FYI, all checks of \$500 or greater have to be reported within 24 hours from today thru Sept. 9.

I'll be at work until ~ 1 PM, then I have to take Sam/Drew to school for pictures. Call me when you get off work today, we'll double check the reports before I send them in.

Thanks
